FRESHMAN

In September, 1955 we the Class of '58 entered Classical as freshmen on the threshold of our high schooldays.

The new teachers—Mr. Hatch, Miss Cornell, Mr. Purcell, Dr. Fredericks, Mr. Hargreaves, and Mr. O'Keeffe—did not have to be initiated to the 'best school in the solar system' as the freshmen were on October 25. This day was known as "Freshie Day," and we had to comply to the wishes of the upperclassmen. That evening we rejoiced at the "Harvest Hop" which was sponsored by the Girls' Athletic Association.

Presently we began to function as a class with our advisors—Miss Fitzgerald, Mrs. Smith, and Mr. Corbin—and our class officers — Paul Mason, President; Janet Easton, Vice-President; Heather Muir, Secretary; Bill Duquette, Treasurer; and Sandra Baird, Member-at-Large.

The ring committee with Gail Nobbs as chairman chose our class ring, gold with a blue or black stone and a crest with a "C" and Classical written across it.

Scientifically we excelled. Bob Ayers received 3rd prize in the Science Fair and Cathleen O'Connor received 2nd prize.

As we came close to the end of our freshmen year, we held our first social event with Gordie Baker as the Disc Jockey. "April Antics" filled the gym on April 25th.

Thus we completed our freshmen year in June, 1956 eagerly anticipating September, 1956 when we should be sophisticated Juniors.

JUNIOR

With the election of class officers which could be more precisely termed the re-election of the former office holders we began our school year. The only exception to this return of the incumbents was the election of Tony Pellegrino to the post of Treasurer.

"Gee! - Ma never Tole
me about Dis!"

During this year, the class of '58 demonstrated its athletic ability in all major sports fields. The football starting team featured right guard, Carl Thor; left guard, Larry Cammerato; center, John Acorsi; fullback, Ron Lagasse; and quarterback, Paul Mason. Our soccer team also boasted several juniors: Sid Weber, Bill Wallach and Bill Whyte. Ned Walsh was co-captain of the swimming team which included Juniors Vin Burke and Bob Cheney. Sid Weber starred in basketball, Dave Cruickshank in hockey, and John McGowan in baseball. However, Larissa Sawialojan proved that the boys don't have a complete monopoly on Classical's sports achievements: she won the Girls' Interscholar Bowling Trophy for the highest score of the season.

Of course, Classical has always been noted for its scholastic superiority, and our class has been no exception in upholding this fine reputation. Some students whose names are well known to the honor roll each marking period were called forth in assembly last year to receive awards for outstanding scholastic achievement. The Harvard Book Prize was presented to Roy Wright, and the Radcliffe Book Prize, to Rosalyn Press. Ralph Peck was honored with the Williams Book Prize. In the field of mathematics Robert Ayers was awarded the First Prize in the Massachusetts Math Exam.

Our Junior Activities Committee, under the chairmanship of Chris Baker, (who left us in the Spring for India), sponsored two money-making enterprises which were highly enjoyable for participants and spectators, alike.

The first of these was a student-teacher volley ball game, held in the gym in which the students, were given the opportunity to outdo those faculty members who competed in the losing battle. The result proved the student team victorious.

The second of these Junior activities was a fashion show in which students trained for the occasion modeled current spring clothes supplied by Haynes. Shrieks of laughter met the stage appearance of Tony Pellegrino decked out in a plaid cabana set looking as if he were quite expecting to find the beach rather than a mass of gleeful if somewhat blurred faces, and murmurs of admiration echoed throughout the auditorium as Linda Chamberlain stepped gracefully out on stage in a stunning powder blue ensemble. Nearly all models merited exuberant praise for their almost professional stage presence.

Three exceptional highlights of the year for us were the Junior Prom, *Carousel*, and the *Mikado*.

Our Junior Prom was held at the Sheraton-Kimball in May, just the season for crowning beautiful Prom Queen, Carol Bennett, whose attendants were queenship nominees, Lois Blitzer, and Larissa. This was certainly "An Affair to Remember."

Carousel, Classical's annual theatrical production was well represented by our class in '57. Sue Sternbane was a reasonable facsimile of Cecil B. DeMille as student director of *The Medium*. In leading roles were Agnes Biscotti, Judith Stark, William Duquette, the Gerard Ferdericis, and Elaine Gitberg who, as understudy to Myra Rubenstein Snyder filled in unexpectedly, when Myra fell ill.

As the last important event of the year before the Seniors graduation activities, *The Mikado* (Gilbert and Sullivan) was performed by the entire music department under the patient direction of Mr. Amerman. Here again our class excelled in contributing Virginia Settle and Agnes Biscotti for the leading female role.

The school year neared its end. Heather Muir was eagerly anticipating her Massachusetts Girls' State Week at Bridgewater which she was chosen to attend as the Classical representative. Rosalyn Press was enthralled with the prospect of her European summer tour to Israel, which she won by her excellent showing in the National Israeli Contest. We were all becoming restless for our vacation, while at the same time, looking forward to the day when we would, at long last, be "the" Seniors at Classical High School.

SENIOR

As we of the class of 1958 left our junior year and went on to our final year at Classical, we realized that our twelfth grade was all-important. During this year we reached a point of no return, planning for our future careers.

As school opened in September with the same class officers to lead us as in our junior year, we found many changes in the school itself and the faculty. The third floor science department had been completely renovated to provide a more enjoyable scientific atmosphere for us and future classes. Mr. Campbell was on leave of absence studying at Yale for his Ph.D. There were also eight new teachers. We welcomed Mrs. Norma Conniff and Mrs. Mabel Morrill to the English department, Mrs. Julia Beverly and Mr. Robert Wessman in Mathematics and Miss Irene Rouillard in Modern Language. Also joining us were Mr. Stanley Mulak in Science, Mr. William Young in History and Miss Veronica Cafasso in girls' Physical Education.

Our football team started the new school year strongly with returning veterans Ronnie Lagasse and Paul Mason in the backfield and Reg Johnson, Phil Quinn, John Accorsi, Carl Thor and Larry Cammerato in the line positions. Captain Laurie Betz cheered the team from the sidelines with Judy Lindner, Mary Donovan, Dotty Chambers and Sandy Baird. The soccer team led by Captain Sid Weber had a successful season with the help of Bob Cheney, Lew Hoff, Jim Vinick, Bill Wallach and Bill Whyte. Ice chips formed quickly with Dave Cruikshank, Dave Hammarstrom and Larry Cammerato leading the hockey team. Bob Cheney and Ned Walsh helped our swimming team tremendously while Vin Burke went further to place fifth in state competition held at the University of Massachusetts. By their stellar play, Sid Weber and Bill Wallach brought basketball fans to their feet many times.

There were many awards to individuals. Bob Ayers and Roy Wright were semi-finalists in the National Merit Scholarship Contest and won honorable mentions in the Westinghouse Science Talent Search. Roy went on to become a finalist in the General Motors National

Scholarship Contest. Richard Babineau, Joseph Cantor and Roy won three prizes in the physical science division of the Classical Science Fair. Ronald Woodland and Marilyn Merwin led the *Recorder* and *Blue and White* staffs to enterprising years. Heather Muir received the D.A.R. Good Citizenship Award. Carousel was a big hit with Dom Gareffa, Don Burnstein, Tony Pellegrino, Pat Grodsky and Laurie Betz contributing.

As we embark on our journey to our different fields, the history of our class is far from concluded. Only when we have achieved success in these fields will the promise of our achievements at Clasicla be fully realized. But as we leave the steps of the Old School, happy memories and high hopes fill our hearts and minds.

MRS. ALBERT BEMIS

MRS. BEMIS

For Mrs. Bemis, one of the well-known counsellors at Our School, a new life begins. Although she has retired from our faculty, she will always be a favorite among the students at Our School. To show their gratitude toward Mrs. Bemis, the class of 1958 presented her with a testimonial, stating that she is an honorary member of the class. Mrs. Bemis has dedicated many years of her life to Our School and many perplexed students have been guided by her excellent advice. It is the wish of all at Our School that Mrs. Bemis will enjoy her new and well-deserved leisure.

As we entered Our School in September, 1957, we were regretfully reminded that Mr. Brown, one of the best history teachers in Our School, would not be one of our faculty. Mr. Brown devoted many years of his life to teaching Classical students, and those who have known him realize what an efficient teacher he is. He is also noted for his congeniality and friendliness, along with his helpfulness and unselfishness. In the coming years, we sincerely hope Mr. Brown will enjoy his retirement from Our School, and also his classes at Western New England College.

Mr. David Brown

DEDICATION

We gratefully dedicate the 1958 edition of the *Blue and White* to two teachers who have dedicated many years of their lives to Our School, to Mrs. Albert Bemis and to Mr. David Brown.

FOREWORD

The theme which has been chosen for the 1958 Blue and White is Our School. Many classes this year have read the play "Our Town", in which Thornton Wilder portrays how people live and act in any town, and we in turn have endeavored to portray Our School life which is probably very similar to that of almost any other school.

An average day at Our School is most interesting and worthwhile. Any stranger touring Our School would find the students studying hard and achieving the best grades possible. The typical day at Classical is a busy one as the students realize the necessity for doing good work. It is not all work and no play at Classical, however, as we have several extracurricular activities and sports. Several new clubs such as the history club and the hobby club have been organized this year for interested students.

Through the curricular and extracurricular programs, students have an opportunity at Our School to demonstrate what Character, Honor and Scholarship, Our School motto, means to them. Classical High School will always be Our School.

Dr. Joseph N. Rodeheaver is the principal of
OUR SCHOOL

Our School is fortunate in having Dr. Rodeheaver as chief administrator, and he is ably assisted by Mr. Hatch. As well as being excellent administrators, they are also willing advisers for perplexed students. Throughout the year, Dr. Rodeheaver and Mr. Hatch solve many problems for students and teachers, thereby helping to make Our School a smooth running one.

Dr. Rodeheaver and Mr. Hatch work long hours each day to make Our School the best possible. It is their integrity and ability that makes Our School enjoy its high ratings.

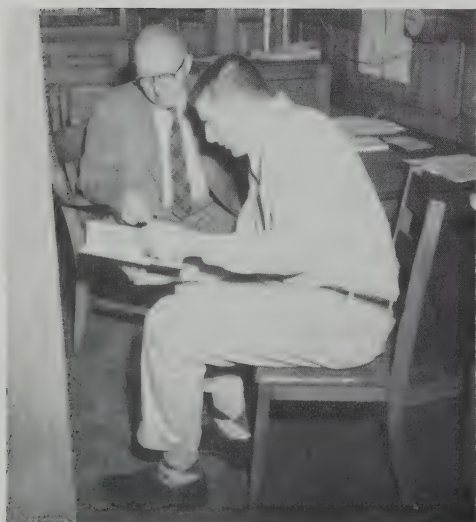

MR. DONALD HATCH
is the assistant principal of Our School.

READY TO ASSIST

students are Miss Cornell, Mr. Finn, and Mrs. Bemis.

Mr. Finn shows a college catalogue to Vincent Burke.

COUNSELORS

Our School is very fortunate to have three fine counselors, Miss Ruth Cornell, Mrs. Dorothy Bemis and Mr. William Finn. Students who pass through the doors to 109 and 110 are assured of receiving expert advice. The counselors' many duties include supervision of the numerous tests given during the year, conferences with parents, and interviews with students concerning choice of college, financial aid, and other important problems. Our School salutes the counselors in appreciation of the valuable assistance they have rendered.

WILLING TO HELP
students is Mrs. Anna Mary Coleman, our health counselor.

HEALTH COUNSELOR

Students who meet up with any minor injuries or physical lapses during the day are assured of receiving expert medical assistance from Mrs. Coleman, the nurse at Our School. Located in room 210, the Classical infirmary is an inconspicuous but important part of the school. Our school thanks Mrs. Coleman for her help.

Roberta Greller discusses her health with Mrs. Coleman.

Busily engaged in preparing transcripts —
MISS ELIZABETH STONE.

SECRETARIES

Our School is proud to have a fine secretarial staff. The secretaries are working in the office long before the students arrive and long after they leave. The secretaries duties are many. They are responsible for keeping the records of the school, checking absentees, and signing passes. In fact, their duties are so numerous, it would require several pages to list them. Without the staff of secretaries, Our School would not function as efficiently as it does.

NEVER TOO BUSY TO HELP STUDENTS

Barbara Wright.

OFFICE AIDES

are first row: Linda Bowman, Phyllis Bailey, Karlene Belcher, Susan Brown, Teresa Regina, Janet Chapin, Faith Knabe, Eileen McCook, Mary Donovan, and Judith Zaleski; second row, Denise Poulin, Jane Ouellette, Karen Romanoff, and Emily Jerome.

OFFICE AIDES

The secretaries and counselors are assisted during the day by the office aides. The girls donate their study periods and help in various ways. Some of their duties are carrying messages, distributing the bulletin, and collecting attendance slips. Our School thanks the girls for the valuable help.

ENGLISH DEPARTMENT

This year three new teachers, Mrs. Norma Conniff, Mrs. Lillian Morrill, and Mr. Robert Wessman, were added to the English Department in our school. There are now eleven teachers on the staff, as fine a group that can be found in Our School.

Besides the regular English classes, many special courses are offered to students. Among the special courses are the special twelfth grade English literature course taught by Mr. Smith; dramatics, taught by Mr. Donnelly; and Vocabulary Building, taught by Miss Sauer. Also available are the Reading Efficiency Classes, taught by Dr. Robert Kinder and Dr. Olive Niles.

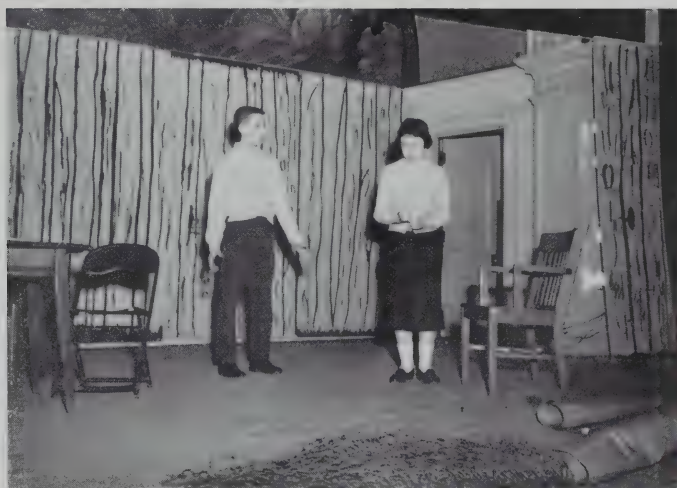

In addition to their classroom duties, many of the English teachers donate their time to various extra-curricular activities around the school. Mr. Smith is a senior class adviser; Miss Boylan supervises the Blue and White staff; Dr. McGuire is responsible for the production of our school newspaper; Miss Dickerman is in charge of Student Government; Dr. O'Grady advises Pierides; Mr. Donnelly heads the Senate; Mr. Purcell is in charge of the classbook; and Miss Sauer deals with public relations through the press.

"Would it be worth a kiss?"

Asks Tony Pellegrino of Ann Siano, as they rehearse for the play put on by the dramatics class.

"Don't we get our part of the sharecroppers money?"
Eve Silberstein asks Domenic Gareffa.

SOCIAL STUDIES TEACHERS ARE
Mr. William Young; Mr. George Hargreaves, chairman; Mr. Milton Corbin; and Mr.
Donald Campbell.

SOCIAL STUDIES DEPARTMENT

Although not so large as the other departments, the social studies department of OUR SCHOOL deserves a great deal of credit for excellent work in an important phase of the curriculum. The social studies department offers to students a wide choice of courses, including Ancient, World, European, and American History, Economics, Problems of Democracy, and the new course in American government. The teachers in the department have other duties besides teaching social studies. Mr. Young commands the Boys' Patrol; Mr. Corbin advises the International Relations Club; and Mr. Hargreaves is in charge of the History and Rifle Clubs. During part of the year, Mr. Campbell has been on leave of absence so that he could complete his thesis for a doctorate at Yale. Substituting in his place have been Miss Georgia Pappas and Mrs. Barbara Bowen.

MATHEMATICS DEPARTMENT

Our School is keeping pace with the national trend toward more training in mathematics by offering advanced courses to qualified students. These courses are the accelerated classes in all grades, designated as 2s, 3s, and 4s. In addition, advanced mathematics, 4ss, is offered to seniors showing superior ability. Students also receive excellent mathematical instruction in other courses, including college preparatory and general math. Much credit is due to the teachers on the department staff, whose teaching makes these courses possible. Many of the teachers donate their time to various activities around the school. Mr. Smith keeps accounts for Our School, Mrs. Flanagan is a Junior Class adviser, Mr. Jermakian is in charge of the Hobby Club, Miss Marston is adviser to the Junior Red Cross, Miss Parkman is the business adviser to the Recorder, and Mr. Wessman is a Freshman Class adviser.

SCIENCE DEPARTMENT

teachers are Mr. James O'Donnell, Miss Eileen Fitzgerald, Mr. Howard Lynch, chairman, Mr. Aleph E. C. Oliver, Miss Emma Battis, and Mr. Stanley Mulak.

SCIENCE DEPARTMENT

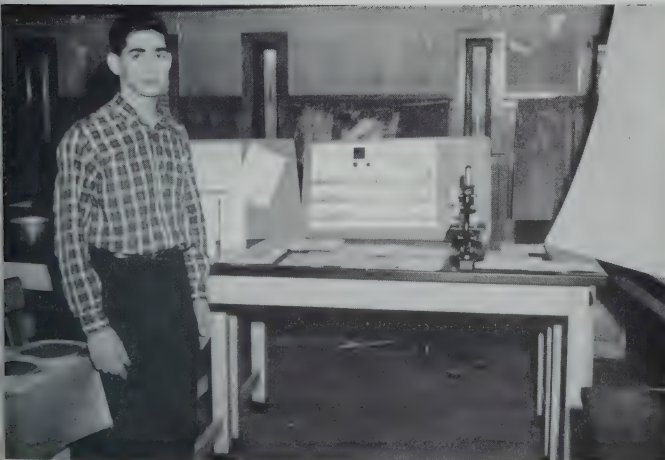

The renovation of the science department at Our School has made significant the importance of science in modern times. This year, physics was made available to tenth grade students. Other courses offered are those in biology, physiology, advanced physics, and chemistry. Our science teachers do not spend all of their time teaching. Mr. Oliver has the job of keeping the locker system in order. Mr. Mulak is adviser to the Physics Club. Mr. Lynch advises the Science Club and serves Student Treasury along with Miss Battis. Miss Fitzgerald is a Senior Class adviser. Mr. O'Donnell is in charge of the film projectionists.

THE SCIENCE FAIR

Roy Wright makes a few last minute adjustments to his project.

Robert Ayers explains his project to Mr. Hatch as Richard Orenstein looks on. The Science Fair is the big event of the year for the science department.

James Baker displays his project, "Span of Life."

Miss Doris R. MacKenzie, art director.

ART DEPARTMENT

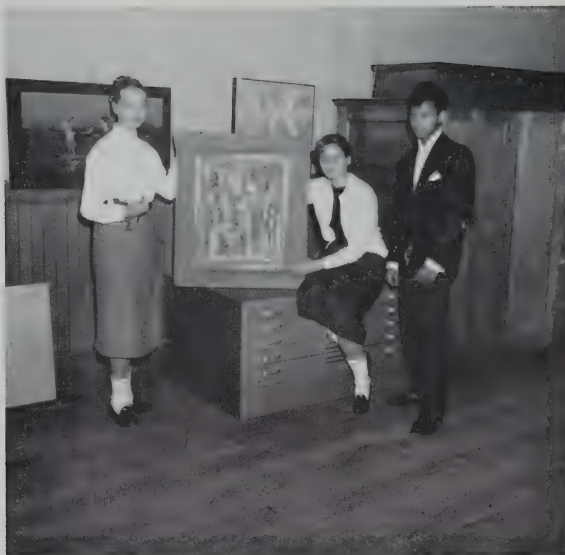

Under the skillful direction of Miss MacKenzie, the art department is an important part of Our School. Through the variety of courses offered, students receive excellent training in many phases of art. These courses include School Arts Publicity, Basic Art, Advanced Art and Research, and Photography. The art department deserves praise for the hard work that it does each year for Carousal. Members of the art department also work on posters which call attention to activities going on around the school.

ART STUDENTS ARE

WORKING ON SCULPTURES ARE
Charles Cobb, Carl Musinski, Arthur Rutherford,
and Thomas O'Brien.

Mr. Warren Amerman, our music director.

MUSIC DEPARTMENT

The music department at Our School consists of widely varied courses, all providing excellent opportunities for both beginning musicians and those who are veterans. For those particularly interested in vocal music, several groups, specializing in this, are conducted by Mr. Amerman. The Girls' Choruses and the Male Chorus are open to students, regardless of talent, and require no auditions. The Choir and the Madrigal Singers, however, do find auditions necessary, since these groups are somewhat more advanced than the choruses. Mr. Amerman also directs the orchestra, a group of fine musicians, which provides the music for graduation each year.

Another music course is conducted at Our School by Mr. O'Keefe, the director of the school band. Students having a well-rounded knowledge of some band instrument may elect band as a part of their regular school program. Although the band is without uniforms at the present, it hopes to have them in the fall, when its members will again inspire Classical students at football games, basketball games, and pep rallies.

Our band leader, Mr. Vincent O'Keefe.

David Tasgal and Milton Benjamin, members of the band, pack away their instruments.

TUNING UP FOR A CONCERT ARE

members of the orchestra Denise Poulie, Mr. Amerman, director, Bernice Conlon, Richard Ouellette, and J. Wesley Miller.

Working at their manuscripts are row one, Barbara Izenstein and Louise Cohn; row two, Barbara Yetwin and Ina Gilman; row three, Theodore Quinlivan.

TYPING DEPARTMENT

Many students take advantage of the opportunity to learn typewriting at Our School. Knowing how to type can prove to be a valuable asset. Homework papers and other work can be typed faster than they can be written. Also, a typewritten paper is much more neat and legible. Typing is taught by Miss Porter and Mrs. Conniff.

Typing teachers are Mrs. Norma Conniff and Miss Dorothy Porter.

Mr. Batt draws a driving diagram as Bruce Pease and Reno Pancotti look on.

DRIVER EDUCATION

Under the supervision of Mr. Vaughan, Our School offers Driver Education to students. Students not only receive insurance reductions upon successful completion of the course, but become excellent drivers as well. Mr. Batt teaches the classroom side of driving which precedes the outdoor training with Mr. Vaughan.

Ready to take off with Mr. Vaughan are Martha Ann McCarthy and Anthony Pellegrino.

Henry Batt and Mr. Donald Vaughan.

PHYSICAL EDUCATION DEPARTMENT

Dubbed as one of the "minor" subjects, the physical education department of Our School is not worthy of that characterization. It is just as important that we develop our bodies as well as our minds. Besides just the physical aspect of gym, we learn rules of play, sportsmanship, and other items of value to us in our every day lives. Even though the gyms are small and the equipment limited, Mrs. Andrewes, Miss Cafasso, Mr. Batt, and Mr. Vaughan do an outstanding job of making physical education an interesting subject at Our School.

MAINTENANCE

A large number of personnel is necessary to keep Our School running smoothly. If it were not for the maintenance and lunch room staff, Our School would not function as efficiently as it does. The janitors have a great deal of work to do, such as repairing broken articles and cleaning the rooms. The matrons keep the corridors bright and clean. The hard working lunch room ladies prepare nutritious and tasty lunches for us. They are ably assisted by the lunch room aides.

THE LUNCH ROOM LADIES ARE

Mary Connolly, Susan Hemsworth, Josephine Saracino, Greta Sanderson, Stella Geotsis, Louise Walker, and Lillian Lambert.

LUNCHROOM AIDES ARE

Suzanne Richter, Kathy Grady, Joyce Kusner, Ann Siciliano, Paul Sirra, Judi Matatall, Joyce Whelan, Mayda Saygum, Stuart Simonoff, and William Anderson.

LELAND W. SMITH

On March 31, 1958, Classical High School lost a devoted teacher. Although most of our copy had gone to press, we consider it fitting to include at this point in the story of Our School a tribute to Mr. Smith.

A math class with Leland W. Smith was an experience anticipated with gladness, for he was an extraordinary teacher. He had a mind which could see clearly into mathematical relationships, and a personality which enabled him to impart his clear understanding to others. It was far more than mechanical technique that L. W. Smith taught; he taught his students to think and reason mathematically. He developed in them an active interest in math, and showed them its basic simplicity and beauty.

But most of all L. W. Smith will be remembered for his patient, amiable, and helpful attitude. There was always the friendly welcome and radiant smile from L. W. Smith. Nothing was greater in him than the quality of robust good-will. He loved to teach, and only the week before he died he had said: "I cannot stop now; so many students need me." He was a good friend to many of his students, and he regarded each student as an individual whose success was important to him.

His own example of dedication to high ideals helped form the character of his students. Everything he did reflected the ideals of Brotherhood and Peace for which he stood. He gave to the lives of others a desire for honest intellectualism, a passion for truth, and a serene and level gaze on life, which were so much a part of his way of thinking. No one deserved more the respect and admiration which the faculty members and students had for him. His death has left a lonesome place in the hearts of all who knew him.

DR. EDNA FREDERICK

SENIORS CLASS ADVISERS of OUR SCHOOL

MISS EILEEN FITZGERALD

MRS. FLORENCE SMITH

Being one of the class advisers for the Class of 1958 has not been an onerous chore. Since those autumn days of '55 when committees began to meet, the work entailed and the class activities that resulted, sailed along smoothly and successfully because of the efficiency and willing co-operation of the class members. As a result, many happy memories of '58 shall be mine. To all of you, I wish smooth flying, as well as sailing, on this planet and on any of the others to which you may fly in the years to come.

Eileen Fitzgerald

Between the covers of this book you have written the record of the hopes, the aims, and the accomplishments of the Class of 1958. The record is a good one, and augurs well for the days ahead. As these three years of pleasant association draw to a close, it is my sincere hope that the friendships, the joys, and the endeavors reflected in these pages will serve to guide all of you and illumine your future.

Edna C. Frederick

MR. EDWIN SMITH

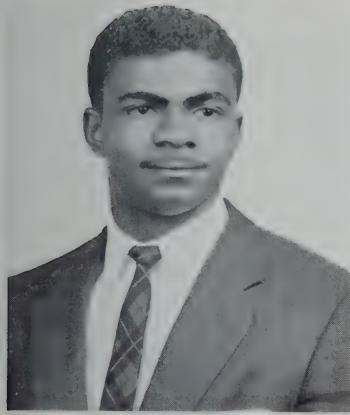

School years, it is said, are the best years of our lives, but we adults know that it is in the power of all of us to make every year the best year ever. We all carry our happiness with us and we all have the ability to make our years what we will. May life bring to you, and you to life, nothing but the best.

Florence Q. Smith

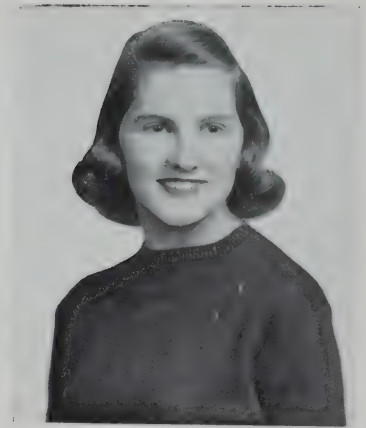

It has been pleasant for us, your advisers, to be with you and to help you when we could during these three years of your life at Classical. You may be sure that you leave us now with our sincere and cordial wishes for your success and happiness. Your parents, your teachers, and your city have done for you all that they can, and they will not forget you, for you carry with you their faith, their hope, and their love. May your lives be a fulfillment of all that they wish for you in the years to come.

SENIOR CLASS MESSAGE

We, the class of 1958, on the threshold of adulthood, are now able to look back upon the three memorable years we have spent at Classical. During these years we have made many lasting friendships, participated in many school events, gained valuable knowledge which will prepare us for the future. In parting, we must acknowledge our gratitude to our thoughtful faculty who have diligently strived to bring out the best within us. We are the harvest of their toil and may we all in our future lives, as a measure of repayment, exemplify the wisdom, leadership, courtesy, zeal, brotherhood, and honesty that we have developed here.

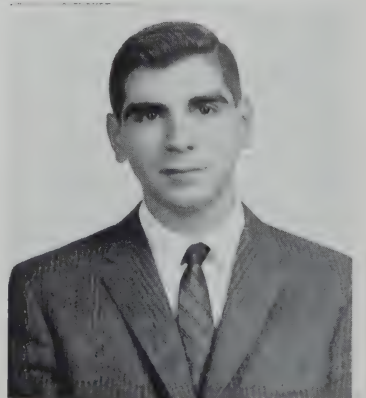

Although the avenues of life may lead us in opposite directions, we shall always be bound by the bond of fellowship established in our affectionate memories of Classical High School, Our School.

THE JUNIOR OFFICERS AND ADVISERS

Working together for a better Class of 1959 at our school are, left to right, Mr. George Hargreaves, Mrs. Helen Flanagan, president Lawrence Pellegrini, secretary Valerie Smith, Mr. Stanley Mulak, and vice-president James Heggie.

This year, Our School has one of the most active and promising junior classes in several years. The junior class officers, who were elected in June, 1957, are Lawrence Pellegrini, president; James Heggie, vice-president; Valerie Smith, secretary; Jane Thatcher, treasurer; and John Charkoudian, member-at-large. The class has held many activities, of which the student-faculty volleyball game was undoubtedly the most hilarious. Many more activities are still being planned. The Junior Prom, of course, is the capital event of the year. There is no doubt that our school will have a fine class of seniors next year, when the place of the departing Class of 1958 is filled by the Class of 1959.

The Class of 1960

FRESHMEN CLASS OFFICERS

The freshmen at OUR SCHOOL selected for their officers, at an election held in November, Linda Fairley, member at large; Sally Heggie, treasurer; Susan Grodin, secretary; Paul Scheer, vice-president; and William Welch, president.

The freshman class, after electing its officers, formed various committees within the class. The banner committee chose a banner for the Class of 1960. Class rings were selected by the ring committee and a constitution was drafted by the constitution committee. The activities committee made plans for a "Spring Swing" dance to be held in March. Thus, the freshmen are well on their way towards a successful high school career.

RECORDER

The Recorder is the newspaper at OUR SCHOOL, published ten times a year. Each issue carries as a rule two editorials of immediate interest to the students. The Recorder also includes an excellent coverage of sports and other school activities. Another outstanding feature of the Recorder is its "Letter to the Editor" column. In this column any student may express freely his opinion on any article in the Recorder. Students with a flair for creative writing furnish each issue with imaginative feature articles.

The staff of the Recorder consists of seniors who have had high grades in English freshman year and who have been trained in a journalism class in their junior year. Ronald Woodland is Editor-in-chief of the Recorder. The faculty adviser is Doctor James McGuire.

BLUE AND WHITE

One of the most important rooms in Our School is 122, for in this room a group of diligent young people with one purpose in mind, to produce a summary of the school year in a book recognized throughout the universe as the *Blue and White*, works from September to June. As soon as the last piece of copy reaches the printer, the staff begins work on the yearbook which will be published the following year. The honor of being on the *Blue and White* staff is given to those students who have proven themselves dependable, trustworthy, and willing to give up much of their free time to work on the book. The students must also be good writers and are chosen personally by Miss Boylan, adviser and co-ordinator of the *Blue and White*. For balance, five junior boys and five junior girls join the staff each September. These juniors work with the seniors who have had the benefit of one year's experience. The staff aims each year to produce a book superior to the previous issue.

Checking the subscription money are Mary-Kay, John, Wayne, and Dennis.

Linda and Judy type write-ups while Eleanor checks the directories at the left.

BAND

Under the direction of Mr. Vincent O'Keefe, the band has added greatly to the spirit of the Classical football and basketball teams. The cry for this year has been, "New uniforms for the band!" The whole school helped to choose the uniforms. We hope that by next year our band in new uniforms will be able to march to victory along with our teams.

BOYS' CHORUS

The turnout this year for the boys' chorus has been better than many a year. These boys are all hard workers and they prove to be good prospects for next year's choir and Madrigal. Because this is a beginning class, the boys have to have the will to learn. Their contributions to the two concerts have been a thrill to all who have listened.

GIRLS' CHORUS

The girls' chorus, like the boys' chorus, is a beginning group. This group is in two sections: the freshman chorus and the upper class chorus. The girls in these two groups sang together in the Christmas and Spring Concerts.

CHOIR

This year the choir in Our School, under the expert direction of Mr. Warren Amerman, has certainly enjoyed itself in the rehearsals for the Christmas Concert and the Spring Concert. Everyone who is a member of the choir knows that when he enters 101, he should assume an attitude of work. In this way Mr. Amerman has been able to rehearse many more musical numbers. As a result, the choir is doing many more songs for the Spring Concert. Among this group of songs are excerpts from *Oklahoma*, "The Lost Chord," and "Calm As The Night," and all of these are favorites of the group. Anyone, when asked whether he likes choir, will always answer in the affirmative.

THE MADRIGAL SINGERS AND THEIR DIRECTOR PROVIDE CHOICE MUSIC FOR OUR SCHOOL.

MADRIGAL

The Madrigal Singers and their director, Mr. Amerman, have been quite busy this year. This group of twenty select voices provides choice music, not only for Classical students, but also for various clubs and organizations in the Springfield area. The most active time of year for the singers is the Christmas season during which time they perform for those in the holiday spirit. An annual event for our top choral group in Our School is its appearance on the local television program, *Western Massachusetts Highlights*. Recently, the Madrigal group was invited to be guest singers at the Massachusetts Music Convention. They are justly proud of this honor.

MIKADO

The Mikado, a Gilbert and Sullivan operetta, was presented on two evenings in May with Ronnie Maxwell, the boys and girls stage choruses, the pit chorus and orchestra supporting the following cast:

<i>Yum-yum</i>	Virginia Settle
<i>Pitti-Sing</i>	Cynthia Hall
<i>Peep Bo</i>	Elizabeth Rintoul
<i>Poo Bah</i>	Robert Lind
<i>Pish-Tish</i>	Bruce Nichols
<i>Go-To</i>	William Fortier
<i>The Mikado</i>	Robert Glass
<i>Katisha</i>	Agnes Biscotti
<i>Ko-Ko</i>	Gilbert Black
<i>Nanki-Poo</i>	Ronnie Maxwell

"But what shall I do?" asks Ronnie Maxwell of Robert Lind and Bruce Nichols.

"Ding Dong, Ding Dong," Cynthia Hall, Virginia Settle, Ronnie Maxwell, and Bill Fortier sing on the wedding Yum Yum and Nanki Poo are to have.

"Bow, Bow To His Daughter-in-law Elect." Agnes Biscotti and Robert Glass, and stage chorus.

"For He's Going To Marry Yum Yum." Agnes Biscotti, Cynthia Hall, Elizabeth Rintoul, Bruce Nichols, and stage chorus.

Ronnie Maxwell, who is a junior at Springfield College, came to our aid in an emergency. Michael Cohen, who was slated to play Nanki-Poo, had to drop out two days before dress rehearsal because of a death in the family. Ronnie had played the part of Nanki-Poo when the *Mikado* was put on at Classical about six years ago. He had kept the music. When Mr. Amerman called him to take the part, Ronnie studied all night so that at rehearsal next morning he was perfection. All of Classical is grateful to him for a splendid performance.

Rehearsals for *The Mikado* started on March 1 and continued through April and early May. During our vacation, we rehearsed from ten in the morning until three or four in the afternoon, stopping only for lunch, and to quote Mr. Amerman, "to get the timing on that."

The Art Department helped us out by doing the scenery which was made up of four Japanese Screens, two cherry trees, a few "potted plants" and a big Pagoda. The scenery plus the colorful costumes and hard work of Mr. Amerman and the whole music department, all combined to make a professional type show.

WORKING ON THE CAROUSEL ART COMMITTEE ARE

Antoinette Malefakis, Karen Kaufman, Susan Cook, Linda Rogers, Helen Gaylord, and Gwen Underhill.

CAROUSEL

On February 7 and 8, the Classical High School Dramatic Society presented *Carousel*.

The plot, very ably written by Barbara Sherman, was applauded many times by an appreciative audience. The plot of *Carousel* must have been close to the heart of every Classical student; for much of the dialogue could be heard everyday in the halls of C. H. S. Lines such as: "My teachers think that I'm a fool"; "Harvey, you're such a bother," spoken by Sally Heggie; and "Pop, can I have the car tonight?" must ring a familiar tune to many Classical students.

The story tells of a high school boy named Harvey. Oh, the problems Harvey had. He simply had to get away from his troubled life. One day Harvey walked down to a local travel agency, and received a "warm" reception from a "devilish" ticket agent, played by Marty Fisher. But Harvey excursed to a heavenly place strangely enough called Heaven! The audience must have wondered if Harvey would be able to pass the pearly gates; since St. Peter, (better known to C. H. S. students as Mark Cohen) had just turned down sturdy, respectful, and serious minded Mr. and Mrs. Inebriate, delightfully portrayed by Dominic Gareffa and Eve Silberstein. However, Harvey managed to step by St. Peter, and was greeted by the "charming young hostess" of heaven, an angel named Harmonia played by charming Barbara Fletcher, who conducted Harvey on a tour of heaven, introducing him to many fascinating personalities.

But, all good things must come to an end, and suddenly Harvey encountered the "devil" of a ticket agent, and his "charming" helper. Poor Harvey! His troubled life on earth was joy composed to the "hot spot" he was in. But good old earth had given him plenty of will-power to resist pretty girls, fabulous wealth, and vast knowledge and become our young Faustus loved by Vickie, "the prettiest girl in school"; he withstood Satan's temptation.

All's well that ends well, and Harvey considered himself very lucky to be returning home to see mother, father, Sister Sue, and Brother Joe. Mary-Jo Kelleher and Don Burstein gave entertaining performances as Sister Sue and Brother Joe. When Harvey returned home, he

discovered he didn't need the full company of heaven to make him happy, for he had a "heaven on earth" with his family, composed of Barry Askinas, Sally Heggie, Mary-Jo Kelleher and Don Burstein, and of course, with Vickie, done by Linda Chalfin.

Although the production itself was as shiny as a new penny, many long, feverish weeks of hard work preceded the actual performances. Cries of "Is my costume ready?" and "Did my music come?" were heard daily at 2:45 in the auditorium. What a sigh of relief Mickey Posnick gave when Harriet Thal came in with his costume. Linda Chalfin breathed a lot easier when the business manager, Larry Foggie, gave her some awaited music. Linda rushed the music to Agnes Biscotti, her accompanist. Ann Whittington could usually be found hiding behind a can of silver paint, brush in hand, adding a final coat of paint to angels' wings. Sue Cook could usually be found working very hard to put the scenery into shape. Sue had a lot of problems to contend with, and making room for the Modern Dance Group could not be forgotten. Those "impish" choreographers, Rose LaFont and Martha Morgan added much to the show by their enchanting dance. The tremendous job of putting together costumes, make-up, actors, and music and getting a musical production in return was given to Pat Grodsky. Pat did a fabulous job, assisted by Dominic Gareffa, Shirley Marsky, and Laurie Betz.

Since the dramatics class produced *Carousel*, the people from dramatics really made the show a hit. When the final curtain was drawn, many people carried away happy memories of *Classical Carousel* of 1958.

"THE DEVIL'S HAUNT."

"SAILOR BOY".

Harmonia (*Barbara Fletcher*) and Satan (*Martin Fisher*) tempt Harvey (*Michael Posnick*).

The P.T.S.A. sponsors many activities throughout the school year. Once in a while the projectionists have to take charge of the films shown in the assembly hall. With the aid of these young men, teachers are able to make use of the audio-visual aids. Mr. O'Donnell is the director of audio-visual education in Our School and also acts as adviser to the film projectionists.

Last year the club was very fortunate to hear a talk by Miss Pappas, who substituted in Our School. Miss Pappas gave a very interesting and thoughtful talk on her travels to Italy, Greece, and Israel. Another interesting speaker that the club enjoyed was Mr. Arthur Foley, a Classical Junior High School history teacher and a National Guardsman, who spoke about his experiences and travels during his army days. The Club also planned a few sight-seeing trips to various places of historical interest. CHEERLEADERS

"We want a touchdown!" "Block that point!" "Make that basket!" Go, Go, Go!" These are only a few of the lively spirit-packed chants which rang in the cold air of the football field and through the crowd of rooters at our basketball games.

Under the direction of Miss Cafasso, the cheerleaders' adviser, and with the fine leadership of Captain Laurie Betz, the cheerleaders spent their practice sessions making up new cheers and improving the traditional ones. Friday home room periods were set aside for "pop rallies" which strengthened school spirit for the week-end games.

Substitutes Karen Kober, Ann Siano and Gwen Underhill were always ready and willing to help the cheerleaders cheer our Classical teams to "Victory" at Our School.

STUDENT LEADERS

Mrs. Andrewes and Miss Cafasso certainly agree that the student leaders in our school are most valuable in assisting, demonstrating, organizing, and teaching. The student leaders meet after school and are taught the basic skills of the particular games or stunts that are being taught in the gym classes. Along with the basic skills, the girls learn the techniques of teaching and helping other girls in class.

Each gym class is divided into several small groups, each of which is under the direction of one of the student leaders.

In addition to skill in physical education, the student leaders are chosen on a basis of outstanding leadership, citizenship, and scholarship. The student leaders have undoubtedly maintained these standards.

G.A.A.

This year the G.A.A. council and officers met every other Monday in the girls' gym. At these meetings, advised by Mrs. Andrewes, the girls planned an interclass apparatus meet and an inter-school basketball playday and round-robin tournament.

In addition to sponsoring these various "play days" and after-school sports, the G.A.A., with much appreciated help from the cheerleaders, organized a "pep squad". Pep squad meetings were held regularly in the auditorium, at which time the cheerleaders taught the girls new cheers and reviewed with them the older ones. The girls in the "pep squad," wearing their Classical beanies and waving their blue and white shakers, definitely served their purpose by helping our cheerleaders to arouse school spirit at our "Varsity" sports events.

SENIOR LIFESAVING

This winter a new activity was introduced into the afterschool sports schedule. It was a Red Cross Senior Lifesaving Course, given by Miss Cafasso at the Trinity Pool. A total of about twenty-four girls, having first passed an entrance test, enrolled in the course. The course consisted of twenty weekly lessons. Out of these twenty lessons each girl was required to attend at least fifteen in order to pass the course. Although difficult and sometimes strenuous, the course was very valuable to the girls. The lessons prepared many for summer jobs at camps or other places near water and swimmers and they also served as healthful exercise in themselves.

TENNIS

During September and October, Tuesdays and Thursdays were devoted to tennis, for both experienced players and those who were interested in learning to play. The sessions were held after school at the Forest Park tennis courts under the direction of Miss Cafasso. The experienced players spent the warm sunny fall afternoons in friendly competition among themselves, while hints and helpful pointers on tennis were given to the beginners by Miss Cafasso.

ICE SKATING

As in past years, ice skating at the Coliseum in West Springfield afforded much enjoyment to the girls at Our School. Each Monday during a period of eight weeks the Coliseum was reserved from 3:30 to 4:30 in the afternoon. From 3:30 to 4:00 the girls had free skating time in which they could do any kind of skating. At 4:00 Miss Cafasso, who was in charge, taught the beginners some simple skating stunts and showed more complex ones to the advanced skaters. If any time was left after the instruction, the girls usually practiced their newly learned stunts. The girls were very fortunate in having Miss Cafasso, an especially good figure skater, as their instructor.

BASKETBALL

During the winter season, basketball was one of the most popular after school sports. To become eligible for the after school games, supervised by Mrs. Andrewes and Miss Cafasso, a girl had either to join a team or start one of her own with six or more players. A schedule listing games to be played and their dates was posted in the gym. If on the given day, one of the teams was not there in its entirety, the opposing team won the game by default. At the end of the basketball season, the girls at our school acted as hostesses at a basketball playday, in the Classical gym. A round-robin tournament was held, in which two teams from Classical and from each visiting school competed. Refreshments were served after the games and much fun was had by all.

FIELD HOCKEY

Monday and Wednesday afternoons, this fall, were set aside by Miss Cafasso for all field hockey enthusiasts. On these afternoons, girls armed with hockey sticks and shin guards were a common sight along the route to the Armory Grounds, where the games were played. These contests always provided much fun and exercise for the girls who participated, of which there were many.

To climax these games and practice sessions, an inter-school "play day" was held on October 23 at Forest Park, in which Classical's teams did well.

APPARATUS

The girls athletic department held apparatus practice on Tuesdays after school, in the girl's gym. The weekly sessions were open to all girls interested in extra apparatus work, giving them a chance to try more difficult stunts than those done in class. Both Mrs. Andrewes and Miss Cafasso acted as supervisors and spotters. At the end of the season, the G.A.A. sponsored an intramural skill contest. Each class, freshman, junior, and senior, chose a team of seven girls to compete. The teams were judged on a basis of points, depending on the successful completion of the required stunts. The junior team was the winner and was presented a trophy.

GOLF

The 1957 season was greatly enjoyed by all of the golfing enthusiasts in Our School. The creditable performance turned in by the members of the team deserves great praise. Sparked by the outstanding play of Michael Megliola and Robert Bontempo, two of the finest players in Massachusetts, the team under the expert guidance of Coach Batt, completely outclassed most of its opponents. Compiling its most successful season in recent years, the team also put forth a fine display in the Western Massachusetts and State Tournament. Although the greater part of this championship team will not return next year, all of us look forward to another equally fine season.

THE APPROACH

TENNIS

Much to the delight of the tennis fans in Our School, the stock of the tennis team soared high this year. Urged on by the stalwart play of Peter Roth and George Torrey, two players of exceptional ability, the team compiled a fine record on which to close another highly successful season. Vanquishing most of its opponents, the team went on to greater achievements turning in commendable performances in both the Western Massachusetts and State Tournaments. Since many of the members of this fine team are returning, all expect to put forth another winning season next year.

 Row 2: Edward Dramin, Richard Brooks, William Dupont, William Sommerfeld, Philip Quinn, Coach Smith.

BASEBALL

Although the baseball team finished the season with a somewhat mediocre record, it can be largely attributed to the necessity of using inexperienced players, who though they did their best, were not quite capable of compiling a winning record in the strong Interschool league. Since, however, nearly all of the players will return, with the valuable experience they have gained from this campaign, all look forward to a better season ahead.

TRACK

Despite the determined efforts of such game competitors as James Catron, George Blake, Jon Vining, and Lawrence Pellegrini, the track team compiled a somewhat disappointing record. However, it does not begin to show the effort and sportsmanship displayed at all times by every member of the team. All hope for a better season next year.

FOOTBALL

LOOKING FOR A RECEIVER

In spite of their poor overall record, much credit goes to the members of the football team of Our School, for they were engaged in several close contests which could have gone either way. However, with much of the varsity lineup returning, these boys with a year's experience should be able to provide the difference between a win and a loss in 1958.

SOCCER

The soccer team, led by Sidney Weber, William Wallach, James Vinick, James Heggie, and Paul Scheer, should be commended for the fine job they did in achieving consistent victory for Our School. They played their best at all times and compiled a record worthy of highest praise. A number of the members of the team were underclassmen and their return should place Classical in a solid position of contention for top honors in the interschool league next year.

HOCKEY

Although hurt by the loss of many of last year's standout performers, the hockey team of Our School again compiled a commendable record. Paced by the scoring punch of Dave Cruikshank, one of the top five scorers in Western Massachusetts, and James Heggie, one of the finest goal tenders in the league, the hockey team under the expert guidance of Coach Peterson, has shown rapid improvement. After a slow start, the team picked up much needed experience. Winning consistently, the team gained sixth place in the strong Western Massachusetts League. Since several of the most consistent performers on the team will return next year, with experience behind them, the entire team can look forward to a more profitable season.

Lacking star performers, but playing a sound game, the basketball team of Our School under the guidance of Coach Vaughan did a commendable job. Although the team did not end the season with as many wins as they desired, the heads up basketball and the great desire for victory shown by the players kept them in their fighting all the way and they threw a scare into the hearts of many an opponent. Since the nucleus of the 1958 team was formed around underclassmen, the experience they have gained will enable them to bring the Inter-school League championship to Our School next year.

The bowling team of Our School, under the able supervision of Coach Batt, deserves great praise. Vanquishing all opponents who stand in the way of success, the team appears to be well on its way toward an Interschool League title. The members of the team have compiled one of the highest overall averages in recent years. Since the team is largely comprised of freshmen and juniors, the outlook for next year is bright.

SWIMMING

Because of the prowess of Edward Walsh, Robert Cheney, and Vincent Burke, the swimming team, coached by Mr. Otto Wulff, washed up one of its most successful seasons in recent years. The entire team, sparked by a desire to bring victory to Our School, has diligently practiced at the Y.M. C.A. pool, thereby enabling the team to place third in the Western Massachusetts Swimming Meet. Since many members of the team will return next year, the outlook for 1959 is good.

SHOPPING FOR A JOB?

CHECK WHAT YOU WANT:

☐

*Good starting salary
with regular raises*

☐

*Pleasant work with other
girls and young men*

☐

*Prestige of a responsible job with
a well-known and respected company*

If your list shows three checks, then you should check into what the Telephone Company has to offer you. Smart girls are doing it now, before they graduate from high school. Come in and see our employment interviewer soon. You'll enjoy talking with her.

Act now, and you can say with pride, "I'm all set! I'm going to work with the Telephone Company!"

See the Guidance Counselor at your school, and talk first with her about when and where to apply.

"Bank Day" at the Bulldog Savings Bank, a Junior Achievement Company, provides the opportunity for Classical High School students to save ahead for the things they need and want.

But the need for saving does not end with graduation. How you handle your money will play an important part in your happiness, for if you spend unwisely, you will find your money gone and your real goals still unattained.

Make this important decision now — that you will save regularly. Bulldog bank books may always be used at any S.I.S. office, or we will be glad to open a new book if you have none.
